Fax: (912)652-7920

October 1, 2020

Dear Chatham County Sewer Customers:

Please be advised that as of October 1, 2020 the rates will be changed as follows:

Current rates:

Base rate	\$27.00 per billing cycle
0 – 20 units	\$4.00 per unit (748 gallons)
20 units and up	\$4.50 per unit

New rates:

Base rate	\$29.00 per billing cycle
0 – 15,000 gallons	\$6.10 per 1,000 gallons
15,000 – 37,400 gallons	\$6.70 per 1,000 gallons
Over 37,400 gallons	No charge

This change is being made due to increased sewage processing fees charged to the County and systems improvements. Due to a change in meters used for tracking water usage, it is necessary to change from units of measurement to gallons. The new structure also “caps” charges at 37,440 gallons for those customers who irrigate or have swimming pools.

For further information you may call (912) 652-7900.
